About me

As a passionate and detail-oriented Frontend Developer,I specialize in creating intuitive, responsive,and visually engaging user interfaces. With expertise in modern web technologies like HTML, CSS, JavaScript, and popular frameworks such as React, I thrive on transforming ideas into seamless digital experiences. My goal is to deliver robust and user-centricsolutions that enhance user engagement and drive business success.

Project Experience :

Protfolio (For me)

This project is a responsive and user-friendly ["portfolio website"] created using HTML, CSS, and JavaScript. It features a clean and modern design,ensuring excellent usability across devices.

Covid-19-Project (For me)

This COVID-19 project is a responsive web application built with HTML, CSS, and JavaScript to provide real-time pandemic updates and information. The interface includes visually engaging charts, statistics, and preventive guidelines.

Borderless Chain (For me)

This project is a borderless chain-themed web frontend built with HTML, CSS, and JavaScript. It features a sleek and minimalist design inspired by interconnected links.

Travel (For me)

This travel project is a responsive website built using HTML, CSS, and JavaScript to showcase destinations, travel packages, and itineraries.

Skills

Frontend: `HTML` `CSS` `JavaScript` `jQuery` `Tailwind CSS` `Ant Design` `Bootstrap` `MiUI` `React JS` `Next.JS` `Redux` `Redux Toolkit` `Context API` `React Native`

Backend: `Node JS` `Express JS`

Tools & : software `Git` `GitHub` `Figma` `VS Code`

Education:

Southeast University(BSc in CSE)
(2023-running)

Cox'sbazar Polytechnic Institute(Diploma in CSE)
(2017-2022)

Kutubjoom Ideal High School(Science)
(2016-2017)

Future Plan:

My future plan is to transition from a Junior Developer to a Senior Developer by continuously honing my technical skills and mastering advanced concepts in web development. I aim to take on more challenging projects, contribute to architectural decisions, and mentor junior team members. Staying updated with emerging technologies and best practices will be a priority. Ultimately, I aspire to lead impactful projects and drive innovation within the development team.

Certification:

MARN Stack Development
One Year Academy
18 SEP 2024 - Running

Anudip Foundation
Responsive web design
12 NOV 2021-5 MAY 2022
